112 Years of
Tradition and Excellence

Mastering Molar Endodontics

USC School of Dentistry
Friday - Saturday
January 30 - 31, 2009
9:00 a.m. - 5:00 p.m.

Refunds are granted only if a written cancellation notification is received at least 21 days before the course. 50% of the tuition minus processing fee will be refunded if cancellation occurs within 14 days before this course. No refund is granted afterwards. A \$60 fee is withheld for processing. For additional registrations, xerox this form and send.

SPEAKERS

Ilan Rotstein, DDS

Professor of Endodontics and Chair, Surgical, Therapeutic and Bioengineering Sciences and Associate Dean for Continuing Oral Health Professional Education at the University of Southern California School of Dentistry, Los Angeles.

Thomas Levy, DDS, MS

Assistant Professor of Clinical Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Dr. Levy practiced endodontics in Stockton, California for 23 years.

Daniel Schechter, DDS

Assistant Professor of Clinical Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Dr. Schechter maintained a private endodontic practice for 21 years in Huntington Beach, California.

Dan Kolzet, DMD

Assistant Professor of Clinical Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Dr. Kolzet was previously faculty at the Department of Endodontics University of North Carolina School of Dentistry for 23 years and maintained a private practice in Durham, NC.

Samuel Oglesby, DDS

Former Associate Professor of Clinical Endodontics and Director of the Endodontic Clinics, Division of Surgical, Therapeutic and Bioengineering Sciences at the University of Southern California School of Dentistry.

Louis Schwarzbach, DMD

Assistant Professor of Clinical Endodontics, Division of Surgical, Therapeutic, and Bioengineering Sciences at the USC School of Dentistry. Dr. Schwarzbach maintains a full-time private endodontic specialty practice in Northridge, California.

Tota Shimizu, DDS

Assistant Professor of Clinical Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Dr. Shimizu also maintains a private practice limited to endodontics in Glendale, California.

SYNOPSIS

Molar endodontics often present challenges to the clinician. These may include difficulty in isolation and access, negotiation of curved and narrow root canals, calcified canals, difficulty in canal obturation, and managing anatomical variations. However, many advances in technology, materials and equipment have made it possible today to efficiently perform successful molar endodontic treatment with more precision and predictable results.

This two-day course includes lectures and hands-on workshops and is specially designed for General Dentists who wish to advance their clinical skills when performing molar endodontics. Participants will learn how to perform efficient endodontic access, clean and shape the root canal system and finally obturate in a predictable manner. Participants will also perform endodontic treatment from start to finish in real maxillary and mandibular molar teeth. Without a doubt, this course will help you master molar endodontics

• LIMITED ATTENDANCE •

TOPICS TO BE COVERED

- Endodontic anatomy and morphology of molar teeth
- Preparation for endodontic treatment
- Modern principles of endodontic access
- Canal length determination - radiographic and electronic
- Cleaning and shaping of molar root canals
- Nickel Titanium rotary instrumentation
- Procedural errors and their prevention
- Root canal obturation

UPON COMPLETION OF THE COURSE PARTICIPANTS SHOULD BE ABLE TO:

- Enhance their knowledge of the clinical concepts of molar endodontics
- Successfully treat both upper and lower molar teeth
- Apply system-based approaches for treating endodontic cases
- Approach molar endodontic cases with more confidence and enjoy more predictable results
- Know when and what to refer
